

The *Yizkor* service on Yom Kippur, with its evocative music and liturgy, compels each of us to embark on a personal journey through memory, to call to mind and heart individuals with whom we shared precious relationships, loved ones who, no matter how long they have been physically absent from our lives, are still acutely missed. Though we are assembled with the larger community, perhaps even with family and friends remembering the same loss, this moment of *Yizkor* is necessarily solitary, for it recognizes that relationships shared with each of our loved ones – along with the moments of joy, sorrow, pain, triumph, and abiding love – were uniquely ours.

Zichronam Livracha,

may their memories be an eternal blessing,
and may we continue to support and uplift each other as we
enter this New Year.

We Remember

*Those loved ones who have died since last Yom Kippur...
May their memory be a blessing.*
